SMART SEATING

Ginny Sales Tutorial

PRESENTATION DATE

May, 2019

I. Features

• Ginny was designed to coordinate well with the full range of OM's executive and task seating.

II. Finishes

• Simplicity is key to the design with the choice of three frame finishes.

III. Upholstery

• Ginny is designed with the ability to match other colors in the environment. The seat, back and back shell can all be specified as desired.

IV. Ballistic Nylon

• When even higher durability is called for, choose the Ballistic Nylon option on the lower half of the backrest.

V. Bariatric Models

- The Ginny family is expanded to Bariatric models with a 500 lbs. weight rating.
- As an added bonus, Ginny Bariatric also passes 1,000+ lbs. ANSI/BIFMA Drop testing.

VI. Ganging

• With the ability to easily gang Ginnys together, multiple configurations are possible.

Ganging Kits
(needed per row)

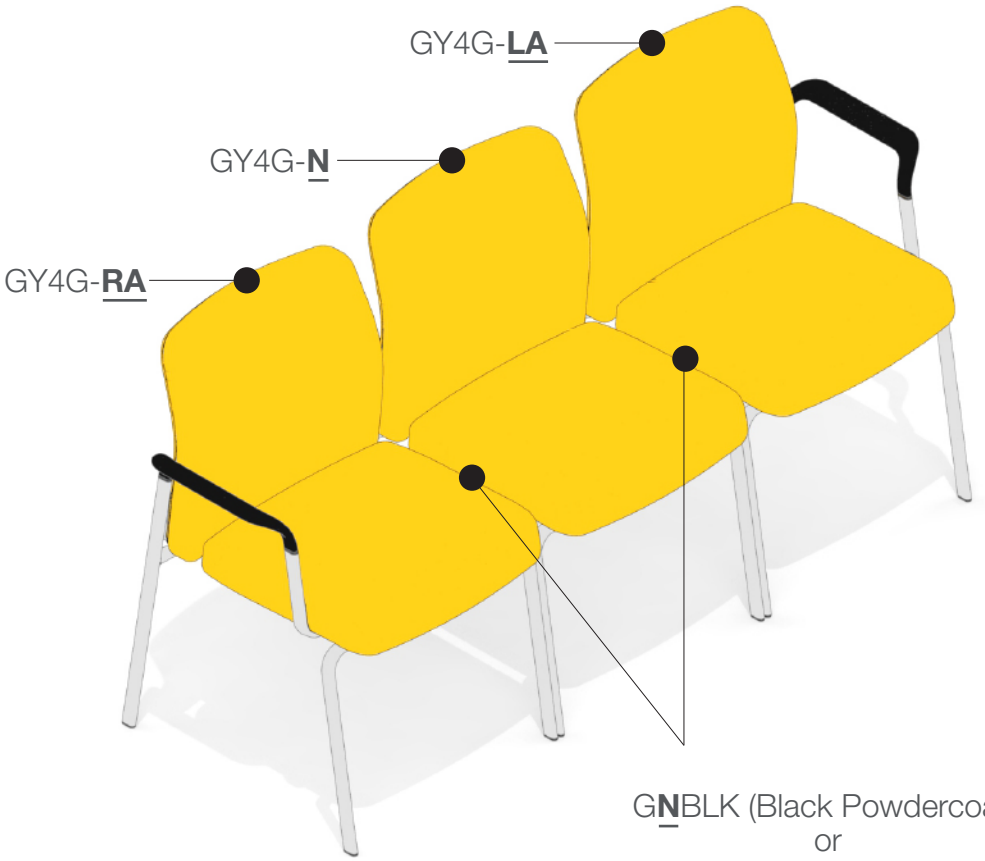
VII. Ganging Specifications

• Combining multiple configurations will allow for different layout options. Ganging Kits need to be specified as needed per specific layout.

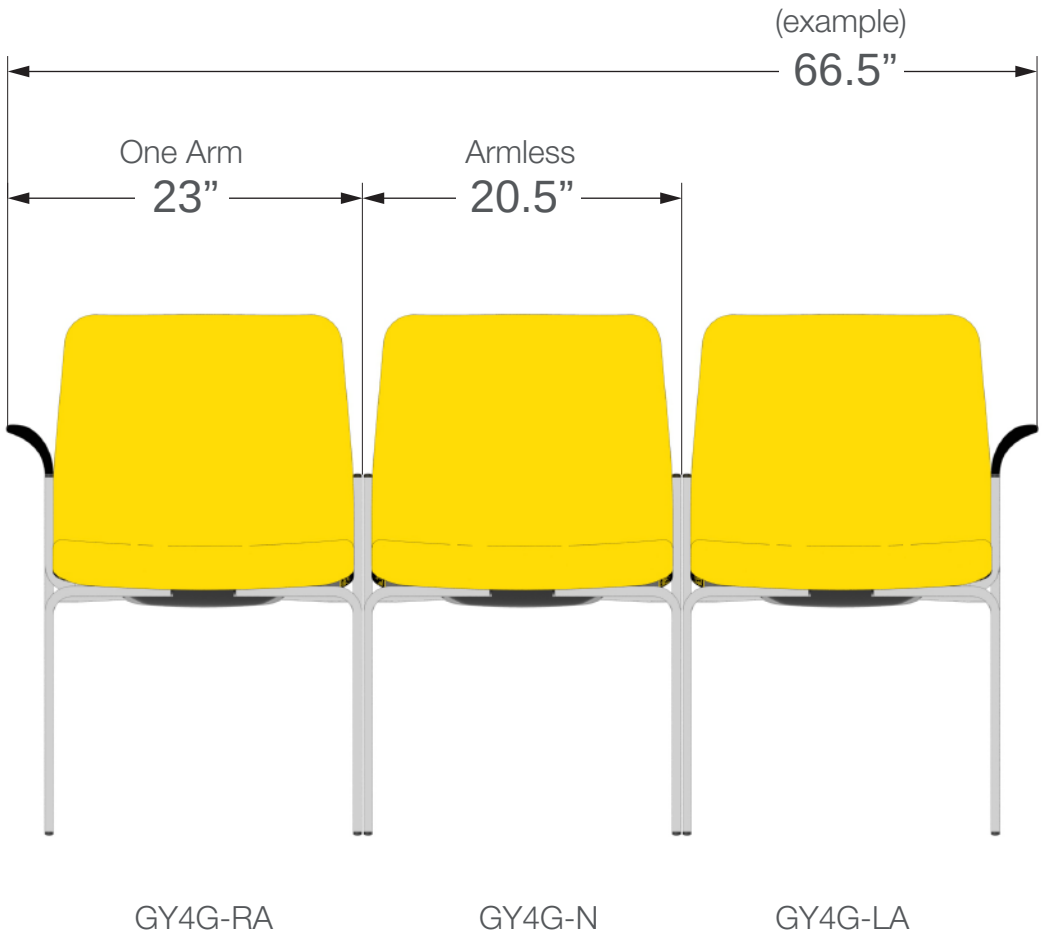


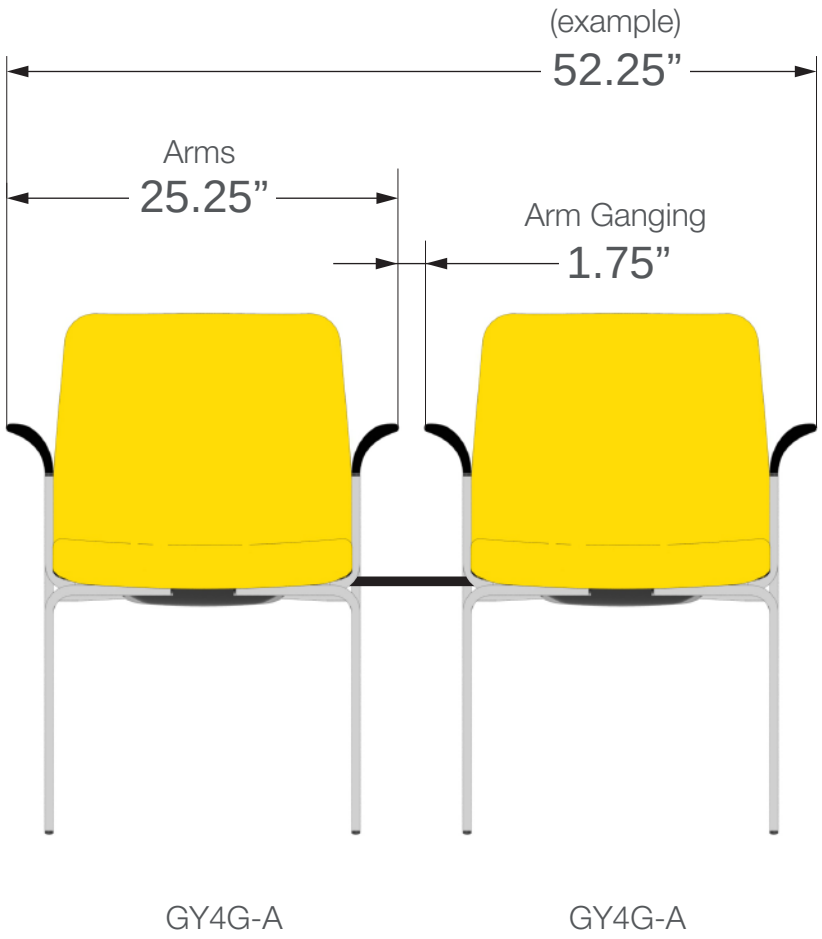
G**N**BLK (Black Powdercoat)
or
G**N**SLR (Silver Powdercoat)

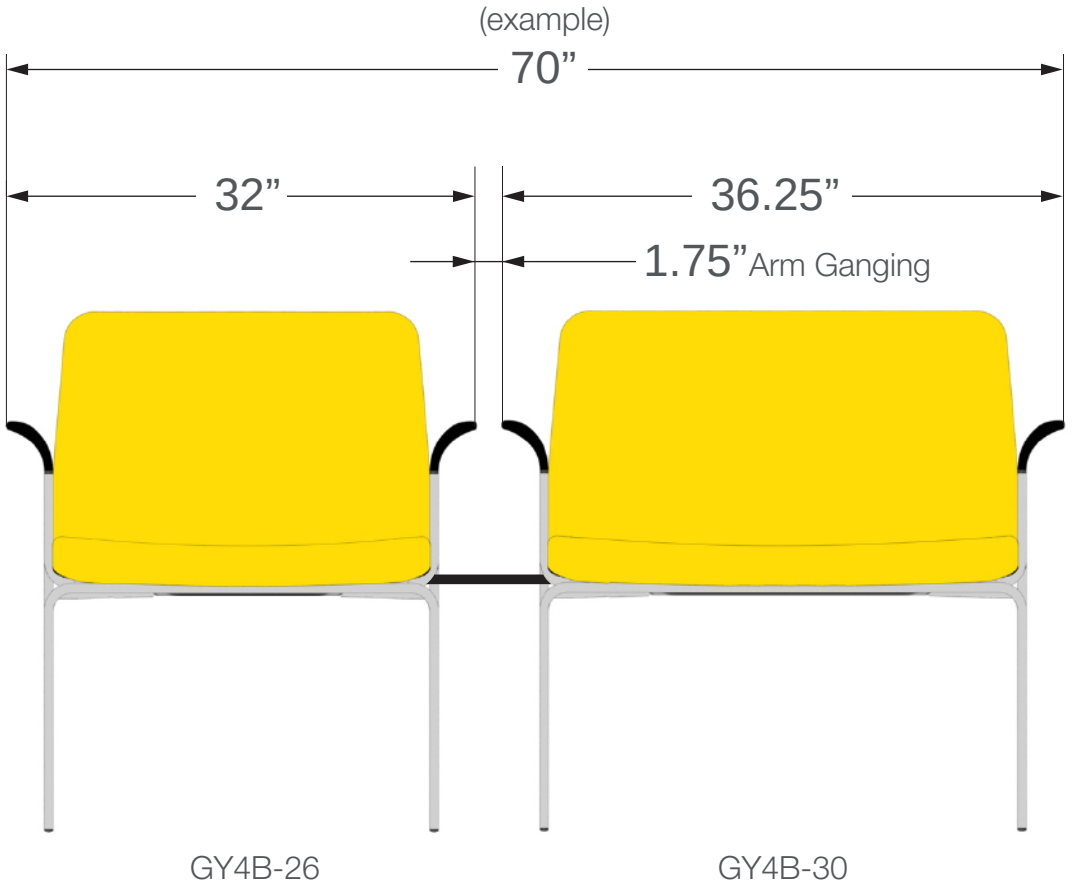
G**A**BLK (Black Powdercoat)
or
G**A**SLR (Silver Powdercoat)

VIII. Ganging Dimensions (Guest Chair)

• Use these dimensions to determine the estimated space needed for a specific layout.





IX. Ganging Dimensions (Bariatric Models)


• Use these dimensions to determine the estimated space needed for a specific layout.
