OM5 ACTIVE BURSTS INTO SPRING WITH A REFRESHED COLOR PALETTE

April 16, 2020

APRIL 16, 2020, Ontario, CA — OM5 Active bursts into Spring with an array of re-activated colors! Mainstays Arctic White, Palladium Grey, and Modern Black are joined by Graphite, Navy Blue, Crimson Red, Seafoam Green, and Canary Yellow.

Popular and versatile, OM5 Active is a collaborative seating collection known for its dynamic ergonomics. Offered as a light task chair, a sled-based mid-density stacker, and a 4-legged side chair available with multiple options, OM5 Active promotes user-initiated motion by virtue of a self-weighting chair top that fully articulates. Designed by Francisco Romero of Phidesign, the chair is recognized as a go-to solution for collaborative workspaces, educational and training environments, and anywhere productivity and engagement are in demand.

About OM

OM is a national leader in mid-market seating solutions for small and large businesses, healthcare environments, educational and governmental institutions, various public and private organizations, and anywhere work happens. Founded in 1986 on an egg ranch in San Marcos, CA, OM has grown from a regional provider of ergonomic task seating into a nationally respected and sought-after source for seating to support today's work spaces.
