Model: OM5-TS Frame Finish: Cool Grey Inner PolyFlex: Arctic White
Upholstery (seat): Momentum Silica, Hosta Base Package: Cool Grey Turn-lock

A team that stands for care deserves
to sit in comfort. The OM5® handles the
hustle and delivers the “ahhh”.

Body-Activated Motion

OM5's patented recline action has the backrest and seat working hand-in-hand so that the backrest is a lever for pushing your body's weight "uphill", removing the need for manual tension adjustment; just pure, effortless comfort.

Bilateral Lumbar Adjustment

Need more pressure on the right? A little less on the left? Say no more. With the OM5 lumbar adjustment, you can fine-tune and balance support on both sides of your back.

Variable Back Resistance

Settle in at your desk and treat your lower back to firm support. Lean fully into the backrest, and as your shoulder makes contact with the backrest, then, like magic, recline and pause exactly where you want.

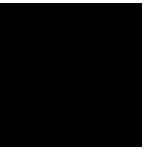

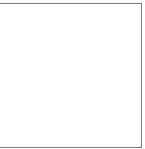

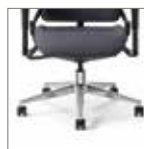

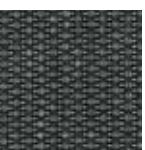

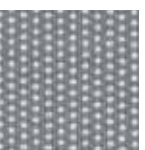

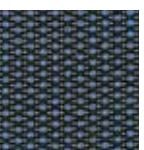

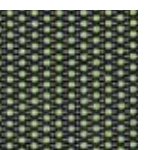

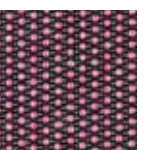

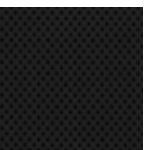

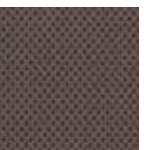

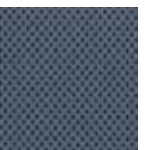

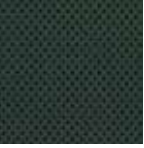

Swappable Seat

Fresh starts are for your chair, too. Spill your latte? Worn from years of conferencing? Remove and replace the seat without the need for tools to give the OM5 another life.
