

OM CET Extension Release Notes 16.5

04.17.26

We rolled out some major updates and upgrades to our CET extension. We have included all models and most options from the current Price List not shown before. Expect a more seamless experience, sharper visuals, and configurations. Everything has been optimized to help you move through your workflow with less friction and more confidence.

See what's new below!

A Smoother, Faster Experience

Pricing and descriptions have been refreshed to be clearer and more accurate. While a streamlined sorting menu helps you find the right option, fast! We've consolidated some models to make some models easier to find.

Visualize More. Configure Better.

Bring your layouts to life with enhanced configuration tools. Visualize stackable seating on a dolly, explore easy ganging options, and check out tablet-height adjustments on Plot Twist®, all designed to give you more control and clarity as you spec.

Spotted Something?

Help us keep things running smoothly. Feedback, fixes, or ideas...send them to cet@omseating.com.

A Few Quick Notes:

Ginny Bariatric is now available. The expanded Ginny lineup, including newer models, is currently in development and will be added soon.

You may see OM5 Active® Café Guest model in CET with pricing already in place, our commercial price list will be updated soon.

There have been some Model Code changes.

- GY4-B will now be **GY42-B-26** and **GY42-B-30** to reflect the expanded Ginny Series and new back height options on select models.
- OM5 Active Café Sled base OM5-AC is now **OM5-ACS**, aligning with the the new **OM5 Active Café Guest** model (OM5-ACG)
